CROPS-- Very short in Europe

WEATHER--Drought in Poland, Czechoslovakia,  
Crop failures in France

Daily contact with friends abroad by cables, quote 15-25 ton lots seasonable seeds C.I.F. Atlantic seaports, slight additional charge for C.I.F. Pacific ports; duties extra.

CRIMSON CLOVER: NEW CROP 98% pure, 90% germination including hard seeds, bright color, July/Aug. from Europe, shipper's option. Only Hungary has Crimson Clover; France none. A chosen few, thru European government edict, get preferential price. We have a so-called favorable connection whereby we can book orders at the dictated official market price with conditions of payment here in this country, after seed passes Federal Seed Law. Few thousand bags still available at \$6.75 per 100 lbs. in bond. Wish you would give us your firm order.

WHITE CLOVER: Czechoslovakian or Polish, our option.

Stock market is up-- general feeling and trend of prices little better.....don't want to call it "prosperity" yet. Let's coin a new word-- instead of "recession"-- call it "procession". We are on the way up, I hope.

Cordially,
